

Your company's reputation rests on the quality of its measurements. Why leave calibration and testing to chance?

Wintronics Calibration provides the highest level of measurement service available today to ensure the exacting quality you demand from your measurement equipment.

All it takes is one mis-calibrated reading or unplanned equipment failure to throw your measurements off, lead to costly returns, waste time and, worse yet, potentially compromise the reputation of your company or product. Why gamble with your business?

Rely on Wintronics to take care of your measurement equipment, so you can take care of your customers.

WINTRONICS

CALIBRATION SERVICE

Quality Service ISO-9000 Certification

Quality Measurement Depends on Exacting Calibration Standards

Wintronics delivers customized calibration and repair services for electronic, mechanical and temperature testing equipment.

Accuracy, precision and reliability are as important to us as they are to you. That's why our technicians are trained on the latest state-of-the-art calibration equipment and our laboratory is environmentally-controlled. This ensures that your equipment receives the best calibration and testing available.

Our Guarantee: We're proud of our workmanship and our track record of quality service, and we back it up with a sixty-day warranty on all parts and labor.

Servicing Testing Equipment in All Industries

From electricity and temperature, to dimension, torque and pressure, Wintronics calibrates most brands and types of testing equipment. We will happily learn to work with your proprietary equipment as well.

Our satisfied clients come from a wide range of industries, including: electronics manufacturing, telecommunications, aerospace, pharmaceutical, scientific research, general manufacturing and many more.

Wintronics Calibration Service: The TOTAL SOLUTION to your Calibration and Testing Needs.

Wintronics provides repair, calibration and certification of the following equipment:

Ammeters	Pulse Generators
Amplifiers	Recording Devices
Attenuators	Research Equipment
Bridges	Secondary Standards
Calibrators	Semiconductor Testers
Calipers	Spectrum Analyzers
Capacitance Meters	Strobotachs
Data Acquisition Units	Sweep Generators
DC Standards	Tachometers
Decades	Thermometers:
Digital Multimeters	Digital
Distortion Analyzers	Thermocouple
Frequency Counters	RTD
Function Generators	Mercury/Liquid in glass
Humidity Indicators	Infrared
Hypot Testers	Timers
Impedance Bridges	TIMS
Logic Analyzers	VOMs
Meggers	Voltmeters
Multimeters	VTVMs
Null Detectors	Wattmeters
Ohmmeters	Waveform Analyzers
Oscillators	Wire Line Simulators
Oscilloscopes	X-Y Recorders
Potentiometers	Pressure Gauges
Power Meters	Pressure Transducers
Power Supplies	Torque Products

We service equipment manufactured by Tektronix, Fluke, Hewlett-Packard/Agilent, Hameg and many others. Wintronics is the exclusive U.S. agent for Heitronics Infrared Thermometers.

Call 1-800-247-7976 today to learn how Wintronics can provide hassle-free calibration and testing services for your company.

Serving Our Customers' Unique Needs

Wintronics partners with customers to meet their individual requirements. We will gladly expand our measurement services in response to your company's specialized equipment needs.

Our additional services include:

✓ Recall Notice

Regular calibration ensures ongoing measurement quality. Wintronics maintains a complete history of calibration and service, and mails recall notices when calibration is due.

✓ Preventive Maintenance

Preventive maintenance is the secret of reliable equipment. Wintronics performs preventive maintenance on all equipment that we service. We will work with you to establish a complete maintenance program to suit your company's requirements.

✓ Repairs

Despite regular maintenance and conscientious calibration, equipment can break down. We maintain a large stock of replacement parts on site and use up-to-the-minute troubleshooting techniques to quickly get your equipment back in service. We provide timely repair services for a wide variety of equipment.
